TECHNOLOGY OF PARTICIPATION (ToP) FOCUSED CONVERSATION

• Approximately 1-1.5 hours
• Facilitate a meaningful exchange of ideas, gain a broader and deeper understanding of a topic, process difficult issues, reflect on a shared experience and decided what to do as a result.
• It ensures that every stage of processing information is thought through carefully and in detail so that one can come to a conclusion based on a wide range of data.
TECHNOLOGY OF PARTICIPATION (ToP)

CONSENSUS WORKSHOP

• Approximately 2-3 hours
• Infuse a group with creative energy and bring diverse opinions and perspectives into an agreement everyone can own and support.
• This method helps a group in generating creative solutions from multiple perspectives.
• Main goal is to work through conflict and achieve consensus among a group.
TECHNOLOGY OF PARTICIPATION (ToP)
ACTION PLANNING WORKSHOP

• Approximately 4 hours
• Used to plan single-focus event or project with a clear beginning and end.
• It presumes a broad, prior agreement to move forward and works best for events and projects that take a year or less of planning.
• Common uses for the ToP Action Planning include developing a project plan, planning a community event, planning a conference, planning a celebration, and more.
PAST TECHNOLOGY OF PARTICIPATION (ToP) WORKSHOPS

• Communities
  • Consensus Workshop – (with GEAR UP students) What might stop you from achieving your future goals?
  • PaCE Consensus Workshop - Thinking about 8th to 12th grade, when should Postsecondary and Career Expectations (PaCE) benchmarks be addressed in your students’ postsecondary plan to help them make decisions about financial aid, career, and postsecondary education?

• 60 by 25 Network
  • Consensus Workshop – What can we do to support the IL 60 by 25 Network strategic focus areas?

If you're interested in ISAC facilitating a ToP workshop please contact

- College planning

Note: Registration required.

Find An Event Near You

We're still here to support you every step of the way with college planning and financial aid—but due to COVID-19, all of our outreach events will be virtual until further notice.

Attend one of our free college planning/financial aid events listed below. Don’t forget to check with your school for their upcoming events. You can also get one-on-one assistance with college planning and financial aid from the ISACCorps member in your area. Find your ISACCorps member.

Below is a list of our upcoming free virtual college planning and financial aid events. Check back often as we are regularly adding virtual events!

**2021 Financial Aid Application Completion Workshops**

During these free online workshops, ISAC staff will provide assistance to those individuals wishing to complete the Free Application for Federal Student Aid (FAFSA) or the Alternative Application for Illinois Financial Aid.

You will be able to ask questions privately via the chat tool as you complete the FAFSA or the Alternative Application.

Bilingual staff will be available.

All events are free but registration is required.

Here’s a handy PDF that describes what information you will need to have available to complete your financial aid application.

Welcome to Claim Your Future!

Brought to you by Illinois Student Assistance Commission (ISAC), Claim Your Future® is a game that encourages exploration of education and training after high school, future careers, and money management.

Claim Your Future encourages students to:
• Have conversations about their goals and aspirations.
• Link today’s educational and spending choices to future job options and financial stability.
• Distinguish between wants and needs and learn to prioritize.
• Describe benefits of saving and the impact of long-term student debt.

You have been given a random career: Curator

Choose Your Career!

Imagine yourself at age 25. Where do you live? What kind of transportation do you have? How much money do you have for “extras” such as meals out or pets? Now think about your career interests and the type of education you will need. Will you have enough money to pay for the lifestyle you have just imagined?

Understanding your goals and career interests will help you plan your future. Select a career to begin exploring your options today!

Career & College

Your career is Curator

Curators manage a cultural institution, like an art gallery, museum or library. They work with physical objects as well as digital information. They are good decision-makers and pay close attention to detail.

How will you communicate with your family, friends, and employer? There are a lot of options available, but they are going to cost you money. Consider the following options:
These are considered “wants” — things that you would like to have, but not things that you need in order to survive. These items should be considered optional, and purchased after all of the required monthly expenses have been covered.
